Company Background

Proudly South African, Mfwetus Trading is a reliable steel repair & fabrication company in Kwa-Zulu Natal having been in existence since 1984. The company operates around the Southern African East coast, with work done as far as Zambia. Mfwetus Trading is 90% Female Owned with level 1 BBBEE status.

Our guiding values of **Excellence, Synergy and Commitment** proves to be the perfect formula for meeting client's needs as well as sustaining good business relationships. We treat all stakeholders with dignity and integrity.

We are **Passionate** about our business and the passion we speak about comes from our most valuable asset, which is a dedicated team of employees focused on **Superior Quality Service**. Skilled craftsmen, an extensive network of experienced subcontractors as well as a full range of utilities create the ideal environment for efficient steel repairs, conversion or new construction projects. High Quality, cost effectiveness and timely completion are illustrated by the high percentage of increasing client base and repeat business. Providing our clients with **Superior Craftsmanship** is our motto.

2. The Founder : Edward Christian

Mfwetus Trading is a family owned business. Edward Christian is the founding partner and started his career at Tongaat Hulletts Sugar Mill Natal Estates as a Boiler Maker apprentice and qualified as a Trade Tested Boiler Maker In January 1979. He has 42 years experience in the shipping and sugar mill industries. And possesses a qualification in project management.
